

2019 Stevne "Sharing our Family History & Stories"

Our yearly Nordlandslaget Bygdslag (Big-da-lag: Groups of people from specific areas of Norway) get together (Stevne) will be a show and tell. Bring photos, memorabilia and artifacts from family who came from North Norway to share and learn from others during the sessions. All during the Stevne and planned sessions we will learn from each other how we are all connected, get and see ideas from each other and how to share family history with your kinfolk, relatives and Sons and Daughters & for next family reunion. Suggest create a poster(s), flip book, table top display that can used later at family reunion. For those that need more genealogy Jay our historian will be available in group sessions, one-on-one and help from other members who are familiar with genealogy. This is a great opportunity to research your family roots, and connect with people who share your unique family history. One of our members will video record all our work.

You must stay for Laurel Dikken's guided tour of local historical sites. She has an extensive knowledge of settler's experience in the Granite Falls area and shares her knowledge in an interesting manner. We hope you have our latest copy of our newsletter for hotel information. If come early to Granite Falls many things to see and do.
